HOME BOYS DEFEAT BENTON, SCORE 22-4

FAST GAME WAS WITNESSED BY CROWD OF 600 ROOTERS.

PLAYING WAS SPEEDY

Enthusiasm Runs Riot in College Gym. Comparatice Scores of Teams About Even at Start.

Beforeone of the largest crowds of basketball fans ever assembled in the College Gym, the local high school boys last night carried off the long end of a 22 to 4 score from St. Joseph Benton. Over 500 were in attendance at the game. The visitors came in full force, bringing between 150 and 200 students and rooters on their special train which arrived here about 6:30. Pep, school spirit, rooting and support of the teams, the real old-fashioned kind, was shown with more punch and vigor last night than the old College Gym has seen in "Many a Day." Keen rivalry between the Maryville rooters and Benton supporters in their yelling was shown long before the game began and continued throughout the game. The high school band in full force was there and with their numerous selections prevented any possible lull in the school spirit.

But the game—well, it was the best and fastest game seen in Maryville this year. The score doesn't tell half the story. Both teams had "that old pep" in great abundance and there wasn't a dull moment; for it was a scrap from whistle to whistle. The scoring started a few minutes after the first whistle when French for Maryville sent one through the nets from the foul line. From that time the local aggregation continued to gather momentum in their attack, until the first half ended with a score of 13 to 0. According to available records this is the first game ever played here in which one team failed to score a point during the first half. It was 31 minutes actual playing time before Benton registered a goal—11 minutes after the second half had started. Ezell's proteges had boosted the score to 20 before the visitors counted. Then Filbert caged one from the field, followed in quick succession by a long shot by Chiles. This ended their scoring, but the locals rung up one more field goal before the final whistle.

It was rather hard to pick the stars, for it wasn't the starring that won the game, but consistent, plugging team work. The local boys displayed a brand of teamwork and floor playing that had never been shown this year. Every member of the team showed the effect of hard work and good training for the last week. "Bud" French at center was back in old time form after an absence for some time on account of an injury. He led the team with a total of 10 points to his credit. Roelofson and Faris at forward played like old heads in the game, their smooth passing and easy floor work being the cause of many comments from the crowd.

But the score will show that a great deal of credit is due to the defensive end of the team. In Foreman and Kirby Maryville has a pair of guards that are going to make a mighty strong bid for an all state position. They play fast, clean and are always after the ball.

Much credit for such a fast game is due to the referee, Beck of Shenandoah, whose work was above the average. His decisions pleased both teams and the crowd.

The Benton aggregation left last night about 10:30 for home on their special train.

BEAUTIFUL HOME GROUNDS. MAKE "A CITY BEAUTIFUL"

Prof. Leeson, Instructor of Biology at College Will Help Any Individual.

Now is the time to make your property a real piece of beauty in the making of a better Maryville. Make your house and lot into a home and garden by a group of shrubs that will round out the bare angles and blend the house with the green of an open lawn. A dollar invested in trees or shrubs that are properly placed and cared for will pay from 200 to 500 per cent on your investment as the years go by. Besides you need something more than an overgrown lawn to let people know that you are at home and homelike and that you have pride in your property and in the city. Make your plans now and avoid the rush orders and also get the benefit of an early start in growth which is half the problem of a successful stand.

If you don't know what to plant or where to plant we have a man at the State Teachers College who through an experience of advising the actual planting of a large number of homes in Maryville and elsewhere can give you some worth while information. In the interest of a better and more beautiful city, Prof. C. C. Leeson is ready to help you make up a plan for a simple planting. Mail a sketch of your home grounds with approximate dimensions and desired expenditure or make an appointment with him during out of school hours.

FIRE AT GATTON RESIDENCE CAUSES $1,500 DAMAGE.

A fire at the J. H. Gatton residence on West Cooper street this morning partially destroyed the house, burning the entire roof and upper story. The damage is estimated at $1,500. Fire started from a defective flue. The residence is the former L. L. Holbrook place and was purchased by Mr. Gatton about a year ago. Mr. Gatton formerly lived at Conceptiop.

HOPKINS-MARYVILLE GIRLS BASKETBALL GAME CANCELLED.

The basketball game scheduled for last night between the Hopkins and Maryville high school girls, to be played at Hopkins, was cancelled on account of trouble with the electric light plant there and the inability to light the school court. The Maryville team was notified about 4 o'clock in the afternoon of the trouble and the date called off.

CHARLES GAUGH PURCHASES AARON FELIX RESIDENCE.

Charles Gaugh has purchased the Aaron Felix property at 417 South Main street, paying $6,300 for it. The residence at 319 West Second street occupied at present by the Gaugh family has been sold to James Arnett. This property was owned by Joe Johnson, living east of the city. The Felix family expect to go to St. Joseph to make their home for the present.

HARRY A. BAILEY OF QUITMAN RECOMMENDED AS ASSESSOR.

Harry A. Bialey of Quitman has been recommended to fill the vacancy of assessor and clerk of Green township to succeed the late A. J. Callaway, who died recently. The appointment will probably be made at the county court meeting this week.

UTAH EDUCATORS TO VISIT NODAWAY

INTERESTED IN VITALIZED AGRICULTURE IN RURAL SCHOOLS.

ACCOMPANIED BY HOLDEN

Party Will Include Two Members of State Board and Two County Sperintendents.

A party of school men from the state of Utah will arrive in Maryville Monday to visit a number of the vitalized agriculture schools of this county. County Superintendent of Schools Bert Cooper received word today of their visit. In the party will be two members of the State Board of Education and two county superintendents of that state who have been attending an education meeting held at Cleveland, O., the past week. P. G. Holden of Chicago will probably accompanied the visitors to Maryville.

Mr. Cooper recently visited the schools of Utah and told of the work and methods used in the vitalized agriculture schools in this county. They were so impressed and so much interested in this work that the school men of that state are wanting to visit these schools and see the work done.

WANT CONSOLIDATED SCHOOL AT ELMO

PLAN DISCUSSED AT MEETING HELD THERE LAST NIGHT.

7 DISTRICTS MAY JOIN

If Sentiment Is Universally Favorable Election Will Be Called to Vote on Proposition.

A school meeting was held at Elmo last evening to discuss their school problems and talk about a consolidated high school at Elmo. There were over 250 in attendance at the meeting, many of them being from school districts adjoining Elmo. County Superintendent of Schools Bert Cooper presided at the meeting and presented facts and figures in regard to a consolidated district. The Rev. R. C. Holliday of Maryville spoke of the advantages of a consolidation. Superintendent Crossan of the College Springs consolidated district presented arguments for such a district.

Petitions for such a consolidation will be circulated in six or seven schools districts adjoining Elmo and if the sentiment is favorable, an election will be called soon to vote on the proposition. The Elmo high school orchestra furnished music during the meeting.

AUTO LICENSES CONTRIBUTE 65 MILLION TO GOOD ROADS

Two-Fourth Paid By Car Owners of New York, Pennsylvania and California.

The passenger car and truck owners of America contributed $65,522,259 to good roads during 1919.

This represents money received from license fees from the various states, according to figures sent in to the B. F. Goodrich Rubber Company Highway authorities say that over 90 per cent of this amount goes back into good roads work.

The 1919 total transcends that of 1918 by $15,000,000—enough money to construct a five hundred mile commercial highway. Approximately one-fourth of the national total was paid by car owners of three states with totals as follows: New York, $911,394, Pennsylvania, $5,030,645, and California $4,468,732. It is significent that these states have excellent highway systems and are now in the midst of comprehensive plans for the future.

In this connection it is interesting to note the lack of uniformity in the various states' license fees laws. For instance, although West Virginia possesses fewer cars than Alabama by 12,000, the former state realizes $424,000 more in license fees. Again, N. Carolina and S. Dakota people own approximately the same number of cars and trucks—in the neighborhood of 100,000—but, the Southern state's laws return four times the amount of money for good roads work as does her sister state in the Northwest. North Carolina license fees amounted to $1,280,000 South Dakota paid $300,000.

STUDENTS PRESENT 'HIAWATHA' AT ASSEMBLY YESTERDAY

Production Supervised by Miss Laura Hawkins in Celebration of Longfellow's Birthday.

The advanced sophomore class of the Maryville High School gave a dramatization of "Hiawatha" at an assembly given at 2:30 o'clock yesterday afternoon in celebration of the birthday anniversary of the author, Longfellow.

Miss Laura Hawkins, an instructor of English at the high school, had charge of training the cast of about fifty students. Miss Grace Foster read the poem while the play was being presented. Martin Evans took the part of Hiawatha, Katherine Wallsee of Minnehaha, Sarah Ellen Tarplay of Old Nokomis, Carlos Yehle as Hiawatha's friend and Ralph Shrewsberry as Iago. The rest of the class were Indian warriors, squaws and maidens.

The dramatization was well given and a large number of outsiders were present at yesterday's assembly. Following the program the assembly was turned over to a "pep" meeting, to encourage the boys' basketball team for the game played last night.

S. T. C. TO ENLARGE MUSIC DEPARTMENT

BOARD OF REGENTS IN SESSION AT ST. JOSEPH YESTERDAY.

ESTABLISH WAR CREDITS

Plan Further Campus Improvement and Discuss Work for the Summer Session.

The board of regents of the State Teachers College met yesterday afternoon at St. Joseph. The members present were W. A. Blagg of this city, Charles Mosley of Stanberry, George N. Gromer of Pattonsburg, W. H. Weightman of Mound City, President Ira Richardson of the college, and W. A. Rickenbode, secretary of the board.

In addition to allowance of bills and general routine matters concerning the welfare and improvement of the college and its work, the following significant actions were taken:

The war service scholarships established in 1919 were extended to any soldier, sailor, marine or nurse who saw service in the world war, and the time available was extended to an unlimited number of terms. The scholarship series as originally instituted applied only to former students of the college and limited their use to six terms or quarters. These scholarships carry exemption from the payment of fees and at the present have a monetary value of $10 per term.

The board directed that beginning September 1, 1920, a definitely organized Department of Music should be arranged, including the present courses in public school music and the applied phases of piano, voice, wind and string instruments. The department will also offer instruction in History of Music, Music Appreciation, Harmony, Music Analysis and Form, and other courses which may be added from time to time.

Plans for further campus improvement and development were approved, as were the plans for the coming summer session.

THE TIME AND THE PLACE.

Once there was a man who indulged in Day Dreams. He was fond of imagining himself in all kinds of Troublesome Predicaments from which he was obliged to free himself by Heroic Action. In the course of time, he reached the conclusion that he must be Some Pumpkins and able to make his way out of most any Difficult Situation.

After much Planning and more Saving, he at length became the owner of a Dandy Automobile. He learned to drive the Beloved Machine and became quite a Joy-Rider. His car was one of the famous Skipalongs. It certainly could Go Some and before long he felt a Moral Certainty that with the aforesaid Skipalong he could do stunts previously Unheard Of.

One day he decided to take a trip to the far Countryside; so he got aboard his Handsome Roadster and away he went over the Stretching Highway, with the speed of a Flying Meteor.

After going a few miles he approached a railroad crossing. Nearer and nearer he drives. Why should he fear an engine and a train of cars? Hasn't he, many and many a time, tested the speed of his fine machine and found that it can go some? "Anyway," he thinks, "there is no train near, most of the time!"

When he gets to within 200 feet of the crossing, he hears an engine whistling at the whistling post a quarter of a mile away.

"I can beat it across," he says to himself. "No trouble to do it, none at all." That was his opinion. He did not realize that a fast train can make the quarter mile in fifteen seconds.

How many of us know just what we can do in an emergency? He thought he knew what he could do. Often he had planned to do Heroic Acts.

Above the rush and roar of that train, a last despairing cry was heard. Our poor friend learned too late that it pays, it always pays, to play safe at the railroad crossing. The place that knew him, will know him no more.

Last year 4,000 men, women and children were killed or injured crossing railroad tracks.

Nearly every one of those unfortunate people would be alive today if the drivers had remembered that no matter what we do elsewhere, we must be careful when there are railroad tracks to be crossed.

CHICAGO SCHOOL CHILDREN MEMORIZE AMERICA'S CREED.

Chicago, Feb. 228.—Every pupil in the seventh and eighth grades of the Chicago public schools has beenordered to memorize the "American's creed," and a copy of it will be furnished every public school pupil in the city by the Illinois Society of the Sons of the American Revolution.

The creed reads:

"I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign States; a perfect union, one and inseparable; established upon those principles of freedom equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

"I therefore believe it is my duty to my country to love it; to support its constitution; to obey its laws; to respect its flag, and to defend it against all enemies."

When you start the washing next Monday morning

Will you have to get tubs and boilers and wash boards and wringers and boil and rub and scrub for four or five hours?

Or will you simply fill your electric washer with hot suds and clothes and "turn on the juice" for fifteen minutes to each washer full, running them thru the wringer with the same power that washes them?

Thor

Will do the work better than you can do it by hand, because of the steady swing of the rocker, that no one could ever keep up by hand, and because of the force of the hot water thru the clothes.

You can lift the clothes out with a stick and put them thru the wringer into the rince water and wring them into the basket while the washer is turning out another batch.

A Three-Plow Tractor

THE WATERLOO BOY is a three-plow tractor—the most economical size. It develops 12 H. P. at the drawbar and 25 at the belt. It has ample reserve power for prompt utility when needed. In the soil conditions that prevail in most sections, it pulls three plows easily. It does other drawbar work in like proportion. At the belt, it is as efficient as in the field, providing reliable, economical power for operating grain separators, corn shellers, hay balers, ensilage cutters and other power-driven machinery. During all seasons of the year, the **Waterloo Boy** furnishes an economical source of power that can be utilized profitably for field or belt work.

The heavy, strong, three-member frame provides a solid foundation for the engine.

The enclosed dust-proof, heavy-duty engine is mounted on this solid foundation with three-point suspension; the flywheel hangs in the middle of the chassis.

The transmission, enclosed in a dust-proof case, is mounted beside the motor. The differential is included in the transmission, placing it at the point of least strain on the parts, and assuring adequate oiling.

Both the crank case and the gear case are located where the operator can reach them from a standing position, and detachable inspection plates and covers give ready access for inspecting, adjusting or repairing motor or gear parts.

The Waterloo Boy is just the right weight to provide proper traction for continuous heavy-duty work, without requiring a too large percentage of power to handle itself. It is proportioned so that, when at full drawbar load, the weight is all equally distributed on the two drive wheels, except just enough on the two front wheels to help guide the tractor. It will not "rear back" in operation. Neither will its front wheels sink deep enough into plowed ground to require "pushing" power.

Brthday Dinner Party.

Mrs. Mary Herron was the honor guest at a dinner party given yesterday by Mrs. Nettie Fuquay and her brother, Fred Smith, in eclebration of Mrs. Herron's sixty-sixth birthday anniversary. The table was centered with a large birthday cake containing sixty-six candles. Additional guests were Mrs. Nancy Shoemaker of Sayles, Mo., who is a guest at the Smith home, Leon and Emma Smith and Walter John.

Gallagher School Party.

Mrs. Roy Teaney, instructor of the Gallagher school near Ravenwood, and her students went to the home of Mr. and Mrs. John Collins Tuesday afternoon to spend the evening with Mr. and Mrs. Collins, as the Collins family will soon move to Arkoe to make their home. Games were played, and a short program was given consisting of recitations and school songs. Those in the party were the teacher, Mrs. Teaney, Roscoe, Woodrow, Una and Pauline Newberry, Eldon and Gladys Henry, Marjorie and Verdant Delong, Marie and Ruby Lockhart, Wilbur and Raleigh Heekin, Mildred Coffelt and Roy Moore.

Quilting Party.

The members of the Herron Home-making Circle met in an all-day session Thursday at the home of Mrs. Charles Porter north of Maryville. The day was spent in making a quilt for Mrs. Porter. At noon a buffet dinner was served by Mrs. Porter, assisted by Mrs. Harry Hartness. The members present were Mrs. J. C. F. Taylor, Mrs. S. E. Fisher, Mrs. Harry Hartness, Mrs. Will Osborne, Mrs. Virgil Guthrie and Miss Mary Taylor. The guests of the club were Mrs. William Bosch, Mrs. Frank Gray, Mrs. Fletcher Dalbey and Miss Hazel Jones. Mrs. Dalbey was received into the club as a new member. The next meeting will be held March 10 at the home of Mrs. S. E. Fisher, and will be an all-day session.

W. N. Club.

The W. N. Club met Thursday afternoon at the home of Mrs. Harvey Culver northeast of Burlington Junction. Mrs. Ben Cooper was the program leader, and the topic, "How to Improve the Club," was discussed by all members. Roll call was answered by giving helpful hints in sickness. Two members, Mrs. Henry Piveral and Mrs. Harry Piveral, asked to withdraw their membership, as they are moving west of Maryville. A luncheon was served by Mrs. Culver assisted by Mrs. Fred Griffey and Mrs. John Miller. Those present were Mrs. Irvin Peery, Mrs. John Cooper, Mrs. Henry Piveral, Mrs. John Miller, Mrs. Ben Cooper, Mrs. Ed Griffey, Mrs. Amos Hayes, Mrs. Emma Shields, Mrs. Hayes, Mrs. Everett Griffey, Mrs. Henry Swaney, Mrs. Harry Piveral, Mrs. Fred Griffey, Misses Nellie Shields, Bernice Griffey, Maxine Miller, Velma Culver and the hostess. The next meeting will be March 11 at the home of Mrs. Martha Griffey.

Birkenholz-Hansen Wedding.

The marriage of Miss Alice Opal Birkenholz to Andrew Hansen of near Conception Junction will take place at 1 o'clock tomorrow at the home of the bride's parents, Mr. and Mrs. Lee Birkenholz, near Pickering. The Rev. R. C. Holliday, pastor of the M. E. Church, South, of Maryville, will officiate. Miss Eudora Allen, friend of the bride, will play Lohengrin's Wedding March and Miss Daisy Allen will sing "Because" (D'Hardelot). The bride will wear a gown of white satin and georgette, and a corsage of white carnations. The bridal couple will be attended by Miss Audrey Birkenholz, a sister of the bride, and by Henry Hansen, a brother of the groom. Following the ceremony a dinner will be served at the Birkenholz home. After March 1 Mr. and Mrs. Hansen will be at home on the groom's farm near Conception Junction. The bride is a former student of the State Teachers College and has been a successful teacher for the past three years. The groom is the son of Mr. and Mrs. Rasmus Lorenson of Conception and is a prosperous young farmer.

Barnard Couple Wed.

Miss Sylvia M. Drydale and Joseph C. Maffitt, both of Barnard, were married at 1:30 o'clock today at the parsonage of the Christian church by Rev. R. E. Snodgrass. The couple were unattended. The bride is the daughter of Mr. and Mrs. Joseph Drydale of near Barnard.

Missionary Meeting.

There was a good attendance at the February meeting of the Woman's Home Missionary Society of the First Methodist church which was held yesterday afternoon at the home of Mrs. C. C. Corwin on South Main street, with Miss Mae Corwin and Mrs. George Moore as assisting hostesses. In the absence of the president, Mrs. C. F. Remus, Mrs. R. S. Braniger presided over the meeting. Mrs. Lincoln Partridge was received in to the society as a new member. The topic for study was "Chinese Work in the Home Field" and papers were read by Mrs. Phillip Ridgeway. Mrs. E. B. Thompson, Mrs R. L. Kirby and Mrs. J. Q. Brink. At the conclusion of the program, the hostesses served refreshments. Mrs. W. R. Smiley was a visitor for the afternoon.

Missouri's penitentiary is a paying institution. Its earnings for January amounted to $80,360.35, and there was a balance to the credit of the institution on Feb. 1 of $32,594.16.

Return to Nebraska.

Mrs. William Wade Smith left today for her home at Alliance, Nebraska, after a three weeks visit in this city with her brother Newton Hagins and family. Mrs. Smith was called here by the serious illness of her brother who is now improved. She was accompanied by her mother, Mrs Anna M. Hagins, who has been spending several months in Maryville with her son's family.

Attended Shorthorn Congress.

T. F. Payne returned Sunday morning form Chicago where he attended the Shorthorn Congress on February 17, 18 and 19. He reports a great show and a big sale. There were buyers from nearly every part of the United States and several from foreign countries, and when the last animal was sold it was found 305 head had been disposed of at an average of $958 per head. A bull topped the sale at $8,000 with a female top of $3,500, and Mr. Payne has the honor of owning the sire of next to top of the female, she bringing $3350. He also had sold one that was shipped to South America of his own breeding and out of Sittyton Minstrel, one of his present herd bulls.

His son Robert, who accompanied his stock to Chicago, brought back four head of stock to Maryville over the Burlington for Bellows Bros. and Ogden.

Mr. Payne shipped six head to Chicago and stood eleventh out of a showing of fifty-seven, which was very god. —Parnell Sentinel.

At a sale of Missouri hogs in Morgan County fifty head of sows and gilts brought $10,500, and one sow sold for $2,500.

Famous For Its Marvelous Motor

ANNOUNCEMENT

We take this means of announcing that we have secured distributor's agency for Nodaway County for the CHANDLER and CLEVELAND MOTOR CARS. The Chandler Car heretofor has been sold in Nodaway County by the Nodaway Motor Co.

MOTOR CHANDLER CARS

Chandler leads so distinctly in the medium priced fine car field because it does offer such splendid value; because of its really marvelous motor developed through seven years of production in the Chandler plant and seven years' service on the road in the hands of a host of owners; because of its sturdy, dependable mechanical construction throughout the entire chassis; and because of its attractive and comfortable body. COMPARE THEM ALL. ALL THE SIZES, THEN PICK OUT YOURS. IT WILL BE A CHANDLER IF YOU ASK CHANDLER OWNERS.

Chandler Touring Car, $2100, delivered to your door

Chandler Military Sport Model, $2200, delivered to your door.

The Cleveland Six

Is a new car in this section of the country. But the fact that it is designed, sponsored and built by Chandler engineers, give it the best possible recommendation to the automotive public. So marked is its individuality—so distinguished its character, so pronounced its ability, that it at once takes its place as an important factor in the motor car industry.

Its merit is so apparent that, after seeing and riding in the Cleveland Six, hundreds of the country's most responsible motor car distributors and dealers signed up contracts and made cash deposits without knowing the price of the car. They were pleased and delighted with the car and perfectly willing to trust the known reputation of its makers for giving the utmost for every dollar.

Come in and inspect this new motor car. Its sturdy and reliable mechanical features together with the grace and beauty of its body lines is sure to please you. And its reasonable price is bound to make you comment on it. The Touring Car is $1595 delivered to your door.

The ST. JOSEPH AUTO SHOW

Will be held next week, from March 1 to 6, inclusive. We want everyone from this locality that attends the show to be sure and visit our display and see these wonderful motor car values. This year's automobile shows have attracted crowds greater than ever before, partly perhaps because hundreds of thousands of Americans were unable to secure new cars last year. And these great crowds of motor enthusiasts have found no better value in the whole exhibit of six cylinder cars than that which Chandler and Cleveland offers.

The Building Material Price Trend is Upward-Bound

As the demand increases the prices will be forced higher

(From The Literary Digest for Feb. 21, 1920)

The small builder, the man of modest means, will be blocked out of the building program. He will find that credits have been tightened against him. For—

Building construction today and for the next ten years will be on a cash basis. New York is now 33 per cent short of buildings, and therefore uncertain credits are cruel liabilities when a demand like that exists.

Because the market is only open to the financially strong, the question of building material purchase is no longer one solely of price, but of delivery. The question is not one of shopping for lower figures, but how certain will be deliveries if there are labor disturbances, railroad embargoes, etc.

Being a sellers' market, the manufacturer can fix his price f. o. b. mill, and the buyer assumes the risk from that point. Mill prices or dock prices at New York today are far above prices covering delivery on job of five years ago, and the trend is still higher. Here are some illustrations:

Asphantum in tank cars to contractors is $13 to $15 per ton as against a normal of $8 and $9. Hudson common brick that formerly could be delivered to a job, New York, at $9 a thousand, now sell at dock for $20 wholesale, with the possibilities excellent for the price to be $22 before January 1.

Portland cement retails today at $3.40 a barrel, with a 15-cent rebate on empty bags, as against $1.90 in 1912; gravel sells delivered at job today at $2.75, as against a normal of $1.25.

Long-leaf yellow pine, glass, structural steel, zinc, and every item that enters into building construction reveal the price that the procrastinator has to pay today as a result of his expectation that building material prices would recede within a year from the time the armistice was signed.

After the Civil War thirteen years elapsed before the price of building materials reverted to prewar levels. Even tho the price peak of present-day materials may not now be far off, there will be a price-plateau upon which building material prices at or above present levels will prevail until such a time as labor adjusts itself to new conditions; until the supply of manpower is increased; until production can regain pace with demand, and until it again becomes possible for the moderately capitalized building speculator to get into the market.

The building-material price trend is upward-bound now. As the demand increases the prices will be forced higher.

The best thing to do is to start building plans at once, because it is certain that next spring building material prices will be considerably higher than now.

He is survived by a wife and several children, his aged mother and several brothers and sisters.—Skidmore News.

Visits New Grand-Daughter.

Mrs. Henry A. Sawyers of St. Joseph has been spending the past week in Maryville with her daughter, Mrs. Karl Zimmerman and infant daughter, Martha Susan who are at St. Francis hospital. Mrs. Sawyers returned to St. Joseph today.

Anderson Sharp, who lives northeast of Skidmore, sold 58 hens last week for the snug little sum of $131.80, or an average of $2.27 apiece. Mr. Sharp is a bachelor, but I believe that most of the ladies will have to take off their hats to him, when it comes to raising chickens. He also has a reputation of being an expert watermelon raiser.—Skidmore News.
